

ASX ANNOUNCEMENT
17 NOVEMBER 2026

Quotation on OTCID

eMetals Limited (ASX:**EMT,** OTCID:**EMTSF**) (**eMetals**) (**Company**) is pleased to announce that its ordinary shares are now quoted on the OTC Markets Group platform in the United States under the OTCID ticker symbol "EMTSF", providing US based investors with a transparent and accessible mechanism to gain direct exposure to EMT's portfolio.

The OTCID quotation marks a meaningful step in EMT's strategy of engaging US institutional and strategic investors as the Company advances exploration at its Mineral Range Tungsten Project.

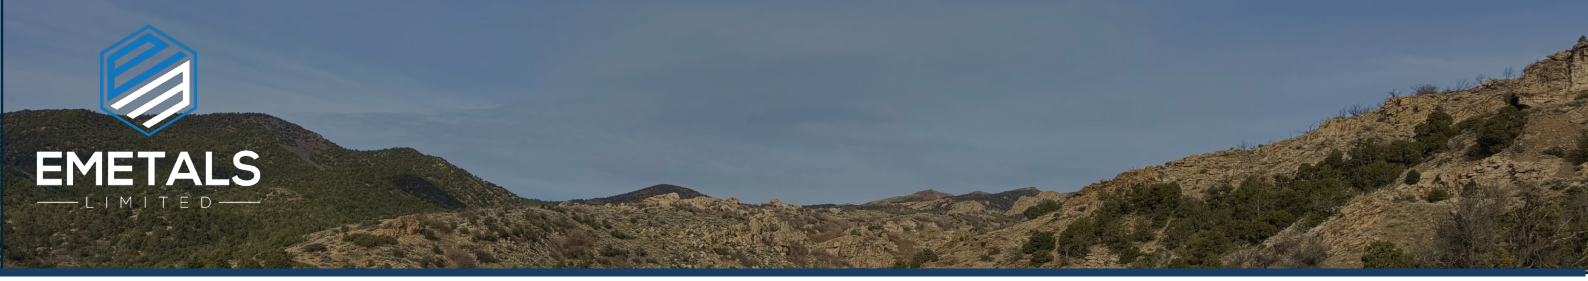

For ASX-listed companies, OTC Markets quotation does not constitute a dual listing and carries no additional capital raising obligations beyond those already applicable under ASX Listing Rules. It enables existing ordinary shares to be traded in US dollars by US investors through standard brokerage platforms. EMT will retain its primary listing on the ASX.

This announcement has been authorised for release by the Board of eMetals Limited.

For, and on behalf of, the Board of the Company

Mathew Walker
Executive Director
EMETALS Limited
