ASX RELEASE

20 November 2026

Technology One Limited (ASX: TNE)

Change of Director's Interest Notice

BRISBANE, 20 November 2026 – Technology One Limited (ASX: TNE) advises that its Chief Executive Officer and Managing Director, Ed Chung, has sold 1,048,056 fully paid ordinary shares in TechnologyOne.

The shares were sold to meet personal tax obligations arising in connection with the vesting of Employee Options granted to Mr Chung under the Company's Long-term Incentive (LTI) arrangements (materially the Retention Option LTIs granted in FY22) as well as part of Mr Chung's investment diversification strategy.

Following the transaction, Mr Chung continues to hold 700,068 fully paid ordinary shares in TechnologyOne. Mr Chung retains significant exposure to TechnologyOne's share price and remains strongly aligned with shareholder interests. Mr Chung is excited and committed to lead TechnologyOne through its next phase of growth.

The transaction was undertaken following the release of the Company's FY26 results and in accordance with TechnologyOne's Securities Trading Policy.

Further details are set out in the Appendix 3Y released with this announcement.

- Ends -

Authorised for release by the Chair.

About TechnologyOne

TechnologyOne (ASX: TNE) is Australia's largest enterprise software company and one of Australia's top 100 ASX-listed companies, with locations globally.

We provide a global AI-powered SaaS ERP solution that transforms businesses and makes life simple for our community. Our deeply integrated enterprise SaaS solution is available on any device, anywhere and anytime and is incredibly easy to use. Our SaaS+ (Solution as a Service) offering brings together software, implementation, support, and upgrades in one all-inclusive solution.

Over 1,300 leading government agencies, local councils, universities, health and community service providers, asset-intensive businesses, financial services firms, and corporates are powered by our software.

Since 1987, we have been providing enterprise software that evolves and adapts to new and emerging technologies, allowing our customers to focus on their business and not technology.
