26 November 2026

ADDENDUM TO 30 JUNE 2026 ANNUAL REPORT

Reach Resources Limited ("Reach" or "the Company") refers to its Annual Report for the year ended 30 June 2026, which was released to ASX on 22 September 2026 ("Annual Report").

The Company acknowledges that the Annual Report did not include all of the information required by ASX Listing Rules 5.21, 5.22 and 5.24. This addendum provides that information and should be read together with the Annual Report.

The Company has also set out below the steps it will take so that future annual reports comply with these requirements.

Mineral Resources Statement (Listing Rule 5.21)

Mineral Resources as at 30 June 2026 – Murchison South Gold Project (100%)

Deposit	Classification	Tonnes (kt)	Grade (g/t Au)	Gold (oz)
Blue Heaven	Indicated	530	2.6	45,000
Blue Heaven	Inferred	314	3.5	35,000
Pansy	Inferred	72	2.5	5,800
Total		**916**	**2.9**	**85,800**

The Company has no Ore Reserves. Estimates are reported in accordance with the JORC Code (2012 Edition) (Blue Heaven: ASX announcement 9 April 2026; Pansy: ASX announcement 13 May 2025).

Mineral Resources as at 30 June 2025 – Murchison South Gold Project (100%)

Deposit	Classification	Tonnes (kt)	Grade (g/t Au)	Gold (oz)
Blue Heaven	Indicated	443	2.6	37,400
Blue Heaven	Inferred	238	3.1	23,900
Pansy	Inferred	72	2.5	5,800
Total		**753**	**2.8**	**67,100**

The total Mineral Resource increased from 67,100 oz at 30 June 2025 (Blue Heaven 61,300 oz, Pansy 5,800 oz) to 85,800 oz at 30 June 2026, following infill and extensional RC drilling at Blue Heaven. Refer ASX Announcements dated 9 April 2025 (Blue Heaven) and 13 May 2025 (Pansy), for 30 June 2025 table figures.

The Company currently does not have a formal governance arrangement and internal control process for the reporting and review of its Mineral Resource Estimates, other than those prescribed for the initial estimation of Mineral Resource estimates in the JORC Code. The Company is of the view that a formal governance arrangement and internal control process is not required at this stage on the basis that the updated Mineral Resource Estimate for the Blue Heaven deposit at the Murchison South Project was announced on 9 April 2026 and the Murchison South Project has not been converted to any active operation yet and hence no resource depletion has occurred since the Mineral Resource

Estimate. The Mineral Resource Estimate for the Pansy deposit was announced on 13 May 2025 and the Pansy deposit has not been converted to any active operation yet and hence no resource depletion has occurred since reporting the Mineral Resource Estimate. The Company will consider whether a formal governance arrangement and internal control process is required prior to 30 June 2027.

The Company is not aware of any new information or data that materially affects the information included in the referenced ASX announcements and confirms that all material assumptions and technical parameters underpinning the estimates in the relevant market announcements continue to apply and have not materially changed. The company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

Improvement Action
The Company will add the Listing Rule 5.21 and 5.24 requirements to its annual report checklist and ensure all Competent Person statements necessary are included.

Competent Person's Statement (2026)
The information in this announcement that relates to the Mineral Resource Estimate and classification of the Blue Heaven Project is based on information compiled under the supervision of Mr Andrew Goode B.Sc. (Hons), who is a Member of the Australasian Institute of Mining and Metallurgy. Mr Goode is an independent consultant employed full time by Mining Plus Pty Ltd. Mr Goode has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves ('the JORC code'). Mr Goode consents to the inclusion in the report of the matters based on the information in the form and context in which it appears.

Competent Person's Statement (2025)
The information in this announcement that relates to the Mineral Resource Estimate and classification of the Blue Heaven Project is based on information compiled by Kate Kitchen, who is a Member of the Australasian Institute of Mining and Metallurgy and a Member of the Australian Institute of Geoscientists. Kate Kitchen is an independent consultant employed full time by Mining Plus Pty Ltd. Kate Kitchen has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity which she is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves ('the JORC code'). Kate Kitchen consents to the inclusion in the report of the matters based on the information in the form and context in which it appears.

Competent Person Statement for 2026 Mineral Resource Statement
The Mineral Resources Statement is based on, and fairly represents, information and supporting documentation prepared by a Competent Person, and has been approved as a whole by Mr Goode, who has consented to its inclusion in the form and context in which it appears. Mr Goode is employed by Mining Plus and is not an employee of RR1 as outlined above.

This announcement has been authorised by the Board of Reach Resources Limited
